Prepare for and pass your PMI Agile Certified Practitioner (PMI-ACP)® Exam

COME AND JOIN US ONLINE!

We have partnered with PM PrepCast™ to offer a blended training course to help you pass the PMI-ACP Exam. The coaching sessions will provide the structure and accountability to help you stay focused and able to master the content required to pass the PMI-ACP exam. It will also help you become a more effective project manager.

The blended training uses the Agile PrepCast™ online course paired with an experienced PMI-ACP exam trainer. You will watch the online video lessons at a time convenient to you. In addition you will attend live online coaching sessions once a week on Saturdays. The coaching sessions provide a summary of the content that you learned outside of the session and provide an environment for asking questions and doing mock practice exams.

You will receive access to the Agile PrepCast and the PMI-ACP Exam Simulator, as well as four sessions with a trainer.

Meet the Trainer

Antje Lehmann-Benz, PMP, PMI-ACP, PSM, PSPO, Trainer for Project Management and Agile Approaches

Antje looks back at 17 years as a practitioner in IT project environments, and at 6 years of holding both online and classroom seminars for certification exam prep and methodological training. She is accomplished in delivering interactive and highly engaging training content that specifically suits companies' needs.

Online coaching sessions will be held on the following Saturdays: May 30, June 6, 13, and 20, 2020 from 8am-12pm and 1pm-5pm.
