A day in your current life

Project Selection challenges

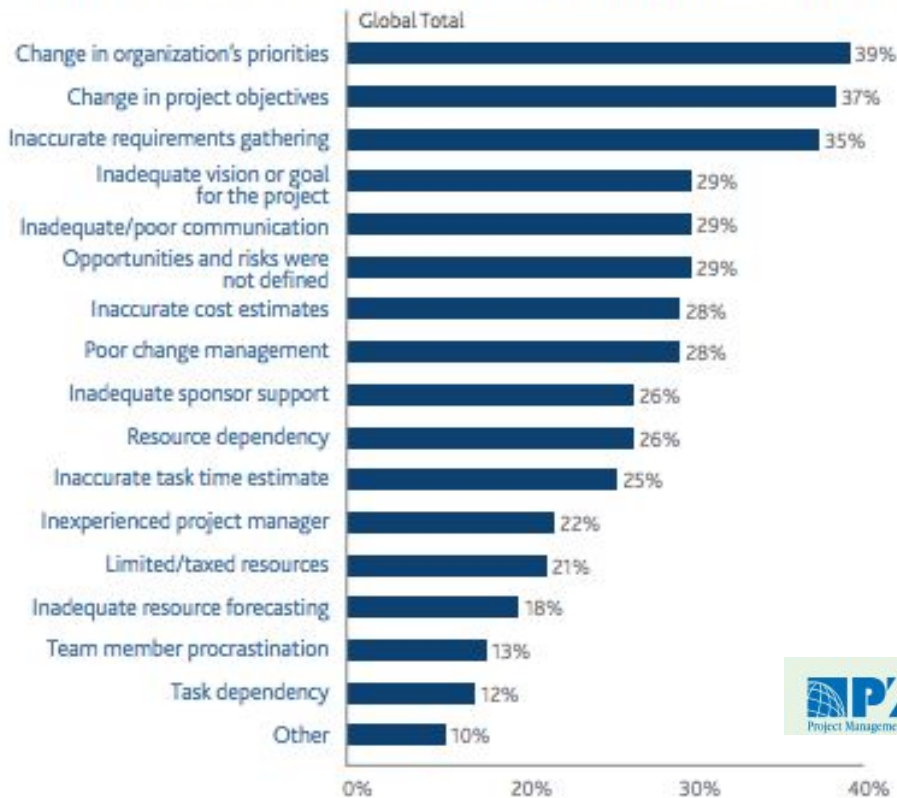

of projects are not aligned with the business

Wasted Investment

Q: Of the projects started in your organization in the past 12 months that were deemed failures, what were the primary causes of those failures? (Select up to 3)

A new approach : A Project Selection Framework

1

Expand the role of the PMO

2

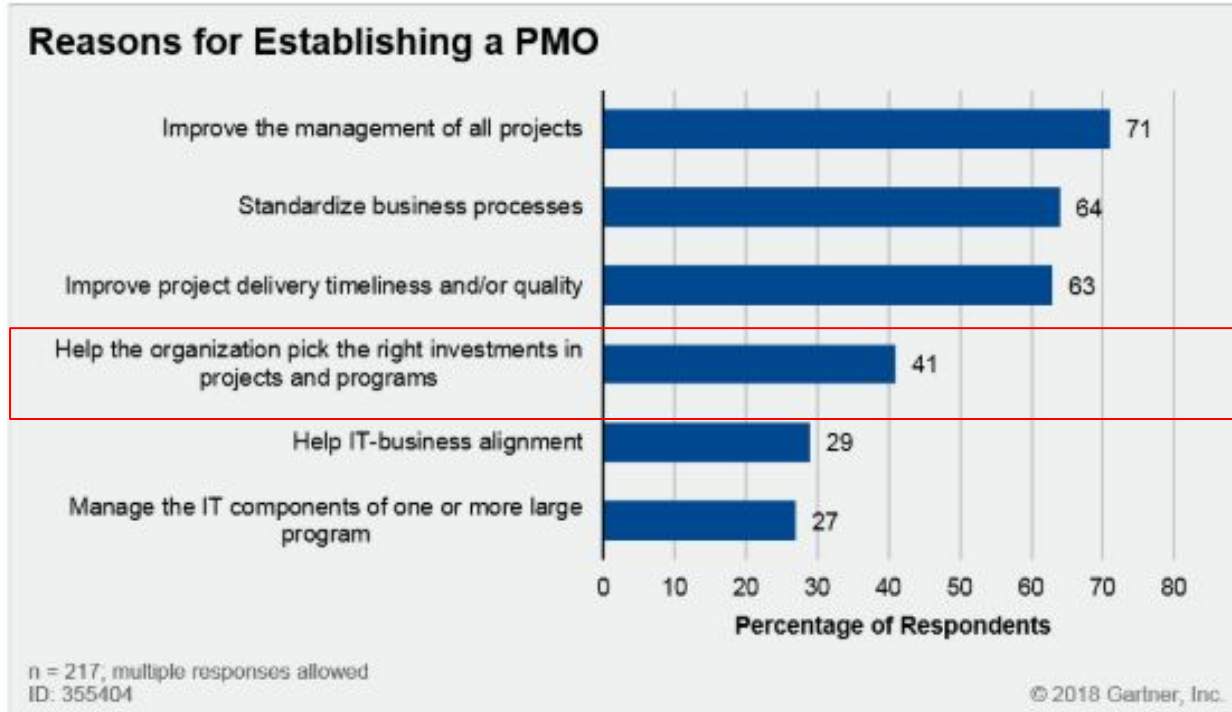

Automate Project Selection and Portfolio Management

“Demonstrate, early, that you understand the PMO is a change agent around improving overall success with project management and project execution.”
